sam has good intentions when he takes his teenage children out sailing on the atlantic rachael and jayden couldnt be more different their arguments prove as much rachael thinks her little brother a coward while jayden knows hes something specialeven if the past still haunts him and his entire family their mother abigail included they set off for adventure but when the sailing trip takes a turn for the worst the entire family becomes embroiled in a war where they face supernatural enemies with preternatural power forced to believe in the unfathomable they are led to destinies unknown to them but known to otherworldly creaturesone of good and one of pure evil as battle ensues the worlds balance teeters on the shoulders of mere children however jayden and rachael soon learn they are the chosen spoken of in ancient prophecy terrified the children resist but can anyone run from their predestined fate everything hangs in the balance and what began as a day on the water is now a fight for the future

arete and the odyssey's poetics of interrogation explores how the enigmatic phaeacian queen arete is at the heart of an epic scale poetics of interrogation used throughout the odyssey to negotiate odysseus' kleos or epic renown arete's interrogation of odysseus has been especially problematic in scholarship but diachronic and synchronic analysis of similar interrogations across indo-european orphic and greek epigrammatic corpora show that the stranger's interrogation is a formula that demands performance and negotiation of status within the odyssey this interrogation is part of an intraformular network used to generate kleos and the queen's question initiates the longest and most complex negotiation of odysseus' status in epic and memory arete's role as interrogator not only explains her strange authority and resonance with both penelope and comparative afterlife figures but it also establishes a gendered agonistic tension between she and her husband alcinous that influences the structure genre and narratology of performances across the phaeacian episode this book reinterprets the odyssey's central episode and challenges several assumptions about nausikaa and alcinous' famed hospitality even demonstrating how the apologue is organized as a response to competing inquiries into odysseus' fundamental status in tradition the odyssey ultimately navigates away from odysseus' public reputation and roots his status in private memories and arete's carefully arranged interventions signal the larger process by which the odyssey immortalizes odysseus in poetry as a nostos hero the queen and her question invite new applications of oral poetics that shed light on the structure composition and reperformance of the odyssey

peterson's essential introduction to the asvab provides information on preparing for and taking the asvab details on the afqt armed forces qualification test and a preview of the rest of the book there is also valuable information about percentile and composite scoring
